

We, the undersigned, are petitioning to have the unnecessarily graphic anti-abortion television commercials, sponsored by the committee to elect Darold Larson, removed from daytime television. We feel the advertisements are traumatic and damaging to our children and should be aired only after the hours of 10 P.M. We also believe political commercials should be subject to the same regulations regarding graphic violence and obscenity that any other daytime programming is required to adhere to.

We, the undersigned, are petitioning to have the unnecessarily graphic anti-abortion television commercials, sponsored by the committee to elect Darold Larson, removed from daytime television. We feel the advertisements are traumatic and damaging to our children and should be aired only after the hours of 10 P.M. We also believe political commercials should be subject to the same regulations regarding graphic violence and obscenity that any other daytime programming is required to adhere to.

We, the undersigned, are petitioning to have the unnecessarily graphic anti-abortion television commercials, sponsored by the committee to elect Darold Larson, removed from daytime television. We feel the advertisements are traumatic and damaging to our children and should be aired only after the hours of 10 P.M. We also believe political commercials should be subject to the same regulations regarding graphic violence and obscenity that any other daytime programming is required to adhere to.
